### Update Regarding Next Year and More

Respected Parents/Guardians,

Assalam Alaikum,

I would like to congratulate you all on the auspicious birth of our eighth Imam, Ali al-Ridha (*alaihi assalam*).

I pray you are all doing well. May Allah (*subhanahu wa ta'ala*) protect you and keep all harm away from you.

As indicated in my last communication that was sent on June 8, we are waiting for the Minister of Education's decision about the next academic year, which should be released by August 1<sup>st</sup>. Upon hearing from her, we will inform you of our plans and procedures for the next school year, *inshallah*. AlBaqir Academy is in the process of devising a comprehensive health and safety policy that will be communicated to you in early August.

In the meantime, we request you to ensure the completion of the summer literacy and numeracy packages that were provided to our current and prospective students. It is required that students complete these packages before the start of the next academic year. Your help and cooperation in this matter ensures a greater success for your children.

AlBaqir Academy will not be offering any school initiated private lessons this summer. However, if any of you is interested in hiring some private tutors, the following teachers are available: Mr. Jamal for language and Math, Mrs. Zaidi for language, and Sister Mahdieh for Qur'an. You may contact them directly at [njamal@albaqiracademy.com](mailto:njamal@albaqiracademy.com), [szaidi@albaqiracademy.com](mailto:szaidi@albaqiracademy.com) and [myousef@albaqiracademy.com](mailto:myousef@albaqiracademy.com)

I truly appreciate your continued support, especially during these difficult times. Rest assured that despite the decision of the Minister, students of the Academy will continue to receive quality education in a safe and caring environment.

Jazakum Allahu Khaira

Dr. Al-Atar

Principal
